COMPANY BACKGROUND

Halal Watch World LLC is a halal certification limited liability corporation based in the state of New York, and has operated in the certification industry since 1990. HWW is an organization that stands upon the trust of the Muslim public, and believes that it is imperative that their trust never be jeopardized. We maintain standards to the highest degree of scrutiny and perform regular audits for the protection of our constituents.

Halal Watch World understands that halal certification is a communal obligation (فرض كفاية), meaning, at least one person of the community must uphold it. If no one takes up this responsibility, the entire community bears a burden of sin. Therefore, we must be extra diligent with this effort. We realize the seriousness of the matter and understand the dire consequences of not filling this duty to the fullest capacity. God explains this to us in the Holy Quran by His statement:

“And say not concerning that which your tongue says falsely: 'This is Halal and this is Haram,' so as to invent lies against Allah. Verily, those who invent lies against Allah will never prosper...A passing brief enjoyment (will be theirs), but they will have a painful torment.”

[Al Quran] 16:116-117

HWW ensures to the best of its ability a high level of authenticity is upheld. This allows them to gain the trust of the Muslim community, and garner strong relationships with companies who produce, process, and distribute halal products at all levels. By this, they are able to offer halal producing company's guidance and consultation on the direction of their processes and products, while ensuring that Islamic dietary standards are always maintained and monitored. Muslims can use this information in order to make well informed decisions about what they choose to eat.

Legal Filings: Halal Watch World holds registered trademark number 4728733, and Department of State (New York) number 4814343. Halal Watch World is also a registered halal certifying organization with The Department of Agriculture and Markets of New York State (See supporting documentation).

We begin in the name of God SWT

CERTIFICATION CONSIDERATIONS

There are 4 main factors taken into consideration when determining the halal status of a product:

Is the product/ingredient Halal Aslan (by default)?

If the product is Halal by default, then there will be no ingredient investigation conducted. An audit of the HPF (Halal Product Facility), facility related documents and product identification documentation will however, still be required.

Is the product/ingredient Halal certified via another organization?

If another organization certifies the product as Halal, then it is incumbent upon us to perform a *tahqeeq* (verification) certification of the establishment. We must be able to ascertain that the certifying body is competent and capable of determining the status of such products. In the event that we are unable to gain this information, our organization must inspect the location of production before certifying.

What is the Risk Assessment of the Facility?

Each HPF (Halal Product Facility) must be assessed and assigned an appropriate level of risk. Each facility is graded according to assessed risk. As risk increases, guidelines, restrictions, and measures become more stringent. Risk is determined according to the products present in the facility, product and process management, and the equipment utilized for processing. Any product/s made with or derived from the items mentioned below would be considered Haram:

1. Human derived ingredients
2. Pork
3. Donkey (excluding the Onager)
4. Animals with fangs or talons (Carnivorous)
(Excluding Hyena and Fox according to school of thought)
5. Animals not slaughtered according to Islamic ritual rites
6. Carrion
7. All forms of filth (Najis) i.e. Urine, Excrement, Blood, Pus, Vomit, etc
8. Insects (other than locusts)
9. Animals fed with more than 50% of any of the above without being fed on a pure diet for a stipulated number of days (The Jallaalah)
10. Any intoxicants
11. Anything toxic or harmful to the body (such as cigarettes)
12. Anything processed, made, produced, manufactured, and/or stored using utensils, equipment, and/or machinery in contact with

any of the above that have not been cleansed according to standards which remove contaminants.

HiRF: High Risk Facility

Any facility that utilizes item/s listed above or a derivative thereof within the HPF and processes both halal and haram products using indifferent tools, machinery, or utensils. Thus, HiRF's by nature involve contaminants in some way in its processing.

MeRF: Medium Risk Facility

Any facility that processes both halal and haram products using segregated tools, machinery, or utensils to the exclusion of items listed above. Facilities that process any of these items, even if segregation methods are employed, are to be deemed HiRF's.

LoRF: Low Risk Facility

Any facility that does not process haram products on or inside of the premises.

As mentioned earlier, in relation to each risk level there are guidelines, restrictions and measures in place for the avoidance of contamination. Before any facility or any product made in said facility can be considered Halal suitable or certified Halal, these guidelines will have to be strictly adhered to.

Regarding contamination, products cannot be cooked upon or within the same utensils without proper cleansing. This means that any liquid substance that interacts with non-halal products becomes contaminated. This includes oil, and other wet cooking surfaces. Thus, if a vat of oil is used to cook non-halal products (which is considered as filth), it cannot be used to cook Halal products without contaminating it.

Are there any contents in the product that contain impermissible ingredients?

We refer to the list of impermissible consumables on the previous pages. If the product under audit is found to contain any of the ingredients on the ban list, these products cannot be considered as halal, unless said ingredients are replaced with halal suitable alternatives.

Client Details: Aviva Natural Supplements

FACILITY PROFILE

Aviva Natural Supplements is a USDA certified turnkey organic contract manufacturer headquartered in New Brunswick, NJ. We specialize in custom formulation, custom blending, encapsulations and compression along with a state of the art high speed packaging lines

- **INGREDIENTS:**

- INGREDIENT 12844 | Vitamin A. Palmitate 250000 IU/G (PAT Vitamins (Xiamen Kingdomway Biotech LTD))
- INGREDIENT 12850 | Vitamin C Granular - DC97 (Ascorbic Acid) (CSPC Healthcare Inc.(Hebei Huarong Pharmaceutical))
- INGREDIENT 12851 | Iron (Ferrous Fumarate) 30% (C2C (Sudeep))
- INGREDIENT 12852 | Vitamin D3 100,000 IU/G (Suan Nutra (Fermenta Biotech Limited))
- INGREDIENT 12853 | Vitamin E D-Alpha Succinate 1185 iu/g Granular (Natural) (PAT Vitamins (Wilmar Nutrition (Jiangsu) Co))
- INGREDIENT 12854 | Vitamin B1 Mono (Thiamine Mono) (Huazhong Pharmaceutical Co., Ltd.)
- INGREDIENT 12855 | Vitamin B2 Powder (Riboflavin) (Freemen Nutra (Hubei Guangji Pharmaceuticals))
- INGREDIENT 12856 | Inositol Hexanicotinate. (Trafa Pharmaceuticals LLC)
- INGREDIENT 12857 | Vitamin B6 (Pyridoxine HCL) (Freemen Nutra (Hangzhou Xinfu Science & Technolgy))
- INGREDIENT 12858 | Folic Acid 10% (Cellmark)
- INGREDIENT 12859 | Vitamin B12 (Cyanocobalamin) 1% (CSPC Healthcare Inc.)
- INGREDIENT 12860 | Pantothenic Acid (D-Calcium Pantothenate) (Freemen Nutra (Hangzhou Xinfu Science & Technolgy))
- INGREDIENT 12861 | Iodine (Potassium Iodide) (C2C (Deepwater Chemicals))
- INGREDIENT 12862 | Magnesium (Oxide) (Granular) (C2C (Sudeep))
- INGREDIENT 12863 | Zinc (Oxide) 80% (C2C (EverZinc))
- INGREDIENT 12864 | Selenium AAC (Amino Acid Chelate 0.2%) (Generichem (Actylis))
- INGREDIENT 12865 | Copper (Cupric) Oxide (79% CU) (C2C Nutra Salvi Chemical Industries Ltd.):
- INGREDIENT 12866 | Manganese (Sulfate) Monohydrate 32% (JIANGSU KOLOD FOOD INGREDIENTS CO., LTD.)
- INGREDIENT 12867 | Molybdenum AAC (Amino Acid Chelate) 0.5% (Trafa Pharmaceuticals LLC)
- INGREDIENT 12868 | Potassium Chloride (52% Potassium) (C2C (Morton Salt))
- INGREDIENT 12869 | Choline (Bitartrate) (Cepharm (Bajaj HealthCare Ltd))
- INGREDIENT 12870 | Boron AAC (Amino Acid Chelate) 5% (Generichem (Actylis))
- INGREDIENT 12871 | Black Pepper Extract 95% Piperine (Cepharm (Bajaj HealthCare Ltd))

- INGREDIENT 12872 | Co Enzyme Q-10 (Shaanxi Jiahe Phytochem Co., Ltd.(Jiaherb))
- INGREDIENT 12873 | Bee Pollen (Ecuadorian Rainforest llc)
- INGREDIENT 12874 | L-Cysteine HCL monohydrate (Ningbo Zhenhai Haide Biotech Co., Ltd.)
- INGREDIENT 12875 | Spirulina Powder (Inner Mongolia Rejuve Biotech Co., Ltd)
- INGREDIENT 12876 | Inositol Powder (Myo-Inositol) (Sichuan Bohaoda Biotechnology Co., Ltd)
- INGREDIENT 12877 | N-Acetyl L-Cysteine (NAC) (Wuhan Grand Huyo co. Ltd.)
- INGREDIENT 12878 | Green Tea Ext. 50% polyphenols, 30% Catechins, 15% EGCG (Camellia Sinensis) (Guilin Layn Natural Ingredients Corp)
- INGREDIENT 12879 | PABA (Para-Aminobenzoic Acid) (Changzhou Sunlight Pharmaceutical Co., Ltd)
- INGREDIENT 12880 | L-Glutathione (Reduced) High Density (Shangdong Jincheng Bio-pharmaceutical Co., Ltd.)
- INGREDIENT 12881 | L-Methionine (Hebei Changhao Biotechnology Co., Ltd.)
- INGREDIENT 12882 | L-Taurine (With Anti-Caking Agent) (Qianjiang Yongan Pharmaceutical Co., Ltd)
- INGREDIENT 12883 | L-Theanine (Xi'an Lifewe Biological Technology Co., Ltd)
- INGREDIENT 12884 | L-Arginine HCL Granular (Zhangjiagang Shuguang Biochemical Factory)
- INGREDIENT 12885 | Stearic Acid (C2C (Lipidchem))
- INGREDIENT 12886 | Magnesium Stearate (C2C (Faci Asia Pacific PTE LTD))
- INGREDIENT 12887 | Hydroxypropyl Methyl Cellulose (HPMC-E5) (ANHUI SUNHERE PHARMACEUTICAL EXCIPIENTS CO.,LTD)
- INGREDIENT 12888 | Di Calcium Phosphate (DCP), Dihydrate, Unmilled (Prachin Pharmachem Private Limited)
- INGREDIENT 12889 | Vitamin K1 (1%) Powder (Trafa Pharmaceuticals LLC)
- INGREDIENT 12890 | Biotin Pure (100%) USP (JIANGXI TIANXIN PHARMACEUTICAL CO.,LTD.)
- INGREDIENT 12891 | Chromax ® (Nutrition 21)
- INGREDIENT 12892 | Alcolec F100 (TM) (American Lecithin)
- INGREDIENT 12893 | Flaxseed Oil Powder DK (25% ALA) (Trafa Pharmaceuticals LLC)
- INGREDIENT 12894 | Garlic Powder (odorless) Extract 4:1 (bulb) (Trafa Pharmaceuticals LLC)
- INGREDIENT 12895 | L-Glutamine (BioKyowa Inc.)
- INGREDIENT 12896 | Croscarmellose Sodium (Prachin Pharmachem Private Limited)
- INGREDIENT 12897 | Microcrystalline Cellulose 102 (MCC) (Prachin Pharmachem Private Limited)
- INGREDIENT 12898 | Lycopene 20% (Ningbo Excare Pharm Inc)
