

Product Regulatory Summary

Product Name:	Endimate® 33V
INCI Name:	Caprylic/Capric Triglyceride

Typical Composition and Source Information

INCI	CAS No.	%	Source	Function
Caprylic/Capric Triglyceride	73398-61-5	> 99.0	Plant	Key Ingredient
Residual mono and di-glyceride		< 1.00	N/A	Residual

Country of Manufacture	Indonesia
------------------------	-----------

General Information

Allergens-FDA	This product is not manufactured with, therefore not expected to contain any FDA food allergens (including but not limited to gluten, soy, tree nuts).
Allergens-EU	This product is not manufactured with, therefore not expected to contain any listed EU Cosmetic or fragrance allergens.
Animal Testing	This product has never been tested on animals by, or on behalf of, Coast Southwest, Inc.
BSE/TSE	This product is not manufactured with any materials derived from animal sources; BSE/TSE risk is not expected.
CITES	The product is free from plant material classified under the CITES convention.
CMR	This product is not manufactured with, therefore not expected to contain CMR (carcinogenic, mutagenic, reprotoxic) substances as defined by CLP Reg (EC) 1272/2008.
Diethylene Glycol	This product is not manufactured with, therefore not expected to contain Diethylene Glycol.
Dyes/Fragrances	No synthetic dyes or fragrances are added to this product.

Formaldehyde	This product is not manufactured with, therefore not expected to contain Formaldehyde.
GMO	This product is not manufactured with, therefore not expected to contain Genetically modified organisms (GMOs)
Kosher	Not certified. To the best of our knowledge, based on the evaluation of the raw materials and the manufacturing process involved, this product is compliant with Kosher requirements.
Halal	Not certified. To the best of our knowledge, based on the evaluation of the raw materials and the manufacturing process involved, this product is compliant with Halal requirements.
Heavy Metals	Endimate® 33V may contain the following heavy metals up to the listed amount: Arsenic (As): < 0.10ppm Lead (Pb): < 0.10ppm Cadmium (Cd): < 0.05ppm
Manufacturing Process	Endimate® 33V is manufactured via an esterification process.
Microplastics	This product is not manufactured with, therefore not expected to contain micro plastics according to Commission Regulation (EU) 2023/2055
Nanoparticles	This product is not manufactured with, therefore not expected to contain Nanomaterials according to the definition of EU Cosmetic regulation.
Natural	Based on the definition of ISO 16128-2, the Natural Origin Index of Endimate® 33V is 1.
Organic	This product is not certified organic.
Palm Derived	This product contains palm or palm oil derivatives. The manufacturing facility is RPSO certified according to the Mass Balance Supply Chain Model. RPSO certification number will appear on the product COA if the version of this product is being purchased. Endimate® 33V RPSO version is available.
Parabens	This product is not manufactured with, therefore not expected to contain parabens.
Pesticides	This product is not manufactured with, therefore not expected to contain pesticides.
PFAS	This product is not manufactured with, therefore not expected to contain Per- and polyfluoroalkyl substances (PFAS).
Phthalates	This product is not manufactured with, therefore not expected to contain phthalates.
Residual Solvents	To the best of our knowledge, this product contains residual solvents. Mono and di-glyceride: < 1.00
Source	Endimate® 33V is produced from Non-GMO Vegetable (palm oil) origin.

Sulfates/ Sulfites	This product is not manufactured with, therefore not expected to contain sulfates or sulfites
Vegan	To the best of our knowledge, based on the evaluation of the raw materials and the manufacturing process involved, we believe this product is compliant with vegan requirements.

Regulatory Compliance

CA Prop 65	Based on our knowledge of the raw materials and the manufacturing process, this product does not contain any materials reportable under California Proposition 65. We do not test
CA Safe Cosmetics Act (SB484)	Based on our knowledge of the raw materials and the manufacturing process, this product does not contain any materials reportable under California Safe Cosmetics Act.
REACH Compliance	Caprylic/Capric Triglyceride is registered under REACH by various manufactures, however Endimate® 33V is not registered by Coast as it is exempted under 1-tonne import exemption rule.

The information provided herein is for guidance purposes only. All information is provided in good faith based on information provided to us by our raw material suppliers at the time of this document’s publication. While the product is not expected to contain the impurities as listed above, we do not test for their presence. It is the sole responsibility of the purchaser to determine a products suitability for their specific application, test for any impurities they make claims on, follow appropriate handling and processing procedures, and to comply with all applicable requirements and standards for testing, safety, efficacy and labeling.

If you need additional information, please do not hesitate to contact your Coast Southwest sales representative or customer service representative.
