

Subject: Halal Slaughter Certification

Date: April 14, 2023

I am pleased to provide to you plant-specific certificates from Halal Transactions of Omaha that are valid through April 14, 2024 for the SKUs listed on each. You receive addendums only if we change the product line/production facility.

Perdue Foodservice recognizes that a growing number of your end-user customers are interested in purchasing chicken that meets Halal slaughter standards. The attached certificates verify that our Dillon, SC and Perry, GA facilities are inspected and approved by Halal Transactions of Omaha (HTO) for the processing of poultry to produce halal chicken products.

The certificates, valid through April 14, 2024, are for domestic food service sales of the raw chicken products listed on each certificate.

The Halal Certified claim is made on the case label. The attached certificates provide further documented verification of Halal slaughter.

HARVESTLAND®, COLEMAN NATURAL® and PERDUE® CVP Fresh Chicken produced at:

- Dillon, SC P-18285 and Perry, GA P-21234

HARVESTLAND® and COLEMAN NATURAL® IF Filets produced at

- Dillon, SC P-18285 and Perry, GA P-21234
