Carcinogens, Mutagens or Reproductive Toxins (CMR) Statement

This product is absent of any CMR Listed Substances (Categories 1, 2 & 3) conforming to the European Cosmetic regulation N°1223/2009.

Vegan Statement

This product is vegan acceptable.

IFRA Statement

This letter certifies that the above product does not contain any IFRA restricted substances.

Residual Solvents Statement

This product does not contain any residual solvents. Product complies with the USP requirements for Residual Solvents or product Does not contain USP467 Class I, II, III Solvents.

Halal Statement

While we do not have Halal Certification for our products, the subject product does not contain or come into contact with any ingredients of animal origin. It should therefore be acceptable for Halal or Kosher formulations, however it is not certified.

Nanomaterial Statement

This product does not contain any nanomaterials as defined under the European Cosmetic Regulation (EC) 1223/2009.

Gluten-Free Statement

This product does not contain any gluten.

Heavy Metal Statement

Arsenic: <0.2 ppm

Mercury: <0.2 ppm

Lead: <0.2 ppm

Cadmium: <0.2 ppm

Ethylene Oxide Free Statement

This product does not contain Ethylene Oxide

Absence of Substances Free Statement

This product does not contain phthalates, parabens, sulfates, microplastics or 1,4-Dioxane

California Proposition 65 Statement

This product does not contain any ingredients listed for Proposition 65

Global Compliance Statement

This product is compliant without restrictions with the cosmetic ingredient regulations of the following:

USA, Canada, China, EU, Japan, ASEAN

REACH Statement

This material does not meet the 1-ton threshold required for REACH Registration and a registration does not apply at this time.

ISO 16128 Statement

Natural Index 0, Natural Origin Index 0, Organic Index 0, Organic Origin Index 0

GMO Statement

This product as supplied by Jeen International is not genetically modified* as defined in Directive 90/220/EEC No. 1829/2003 & No. 1830/03.

**GMO has been defined as "an organism in which the genetic material has been altered in a way that does not occur naturally." A GMO product is a product that is or does contain a Genetic Modified Organism.*

We trust this information is helpful. Our commitment is to fully comply with all domestic and international regulatory requirements and to provide you, our valued customers, with the safest and highest quality products possible.
