# COMPANY BACKGROUND

**Halal Watch World LLC** is a halal certification limited liability corporation based in the state of New York, and has operated in the certification industry since 1990. HWW is an organization that stands upon the trust of the Muslim public, and believes that it is imperative that their trust never be jeopardized. We maintain standards to the highest degree of scrutiny and perform regular audits for the protection of our constituents.

Halal Watch World understands that halal certification is a communal obligation (فرض كفاية), meaning, at least one person of the community must uphold it. If no one takes up this responsibility, the entire community bears a burden of sin. Therefore, we must be extra diligent with this effort. We realize the seriousness of the matter and understand the dire consequences of not filling this duty to the fullest capacity. God explains this to us in the Holy Quran by His statement:

***“ And say not concerning that which your tongue says falsely: 'This is Halal and this is Haram,' so as to invent lies against Allah. Verily, those who invent lies against Allah will never prosper...A passing brief enjoyment (will be theirs), but they will have a painful torment.”***

*[Al Quran] 16:116-117*

HWW ensures to the best of its ability a high level of authenticity is upheld. This allows them to gain the trust of the Muslim community, and garner strong relationships with companies who produce, process, and distribute halal products at all levels. By this, they are able to offer halal producing company's guidance and consultation on the direction of their processes and products, while ensuring that Islamic dietary standards are always maintained and monitored. Muslims can use this information in order to make well informed decisions about what they choose to eat.

**Legal Filings:** Halal Watch World holds registered trademark number 4728733, and Department of State (New York) number 4814343. Halal Watch World is also a registered halal certifying organization with The Department of Agriculture and Markets of New York State (See supporting documentation).

We begin in the name of God SWT

# CERTIFICATION CONSIDERATIONS

There are 4 main factors taken into consideration when determining the halal status of a product:

## **1. Is the product/ingredient Halal Aslan (by default)?**

If the product is Halal by default, then the location it is harvested, produced, or manufactured in, even if done so by a non-Muslim, is not necessary to inspect.

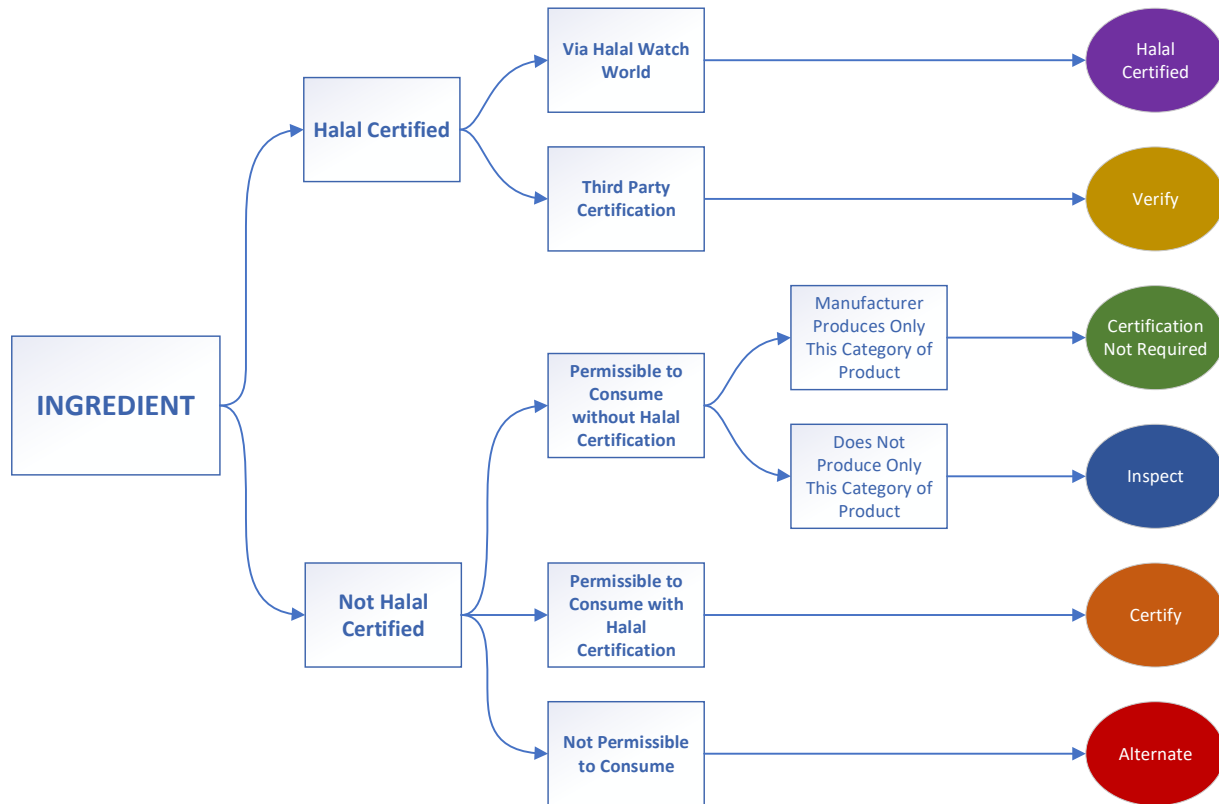

## **2. Is the product/ingredient Halal certified via another organization?**

If another organization certifies the product as Halal, then it is incumbent upon us to perform a *tahqeeq* (verification) certification of the establishment. We must be able to ascertain that the certifying body is competent and capable of determining the status of such products. In the event that we are unable to gain this information, our organization must inspect the location of production before certifying.

## **3. Are there any impermissible ingredients being produced in the same facility?**

As is the norm in Muslim minority societies, manufacturers produce both Halal and Non-Halal products in the same facilities. If other non-Halal items are produced in the same facility, an inspection may be required. In the event that an inspection is not possible, Halal Watch World reserves the right to utilize other forms of off-site audit procedures requiring documentation and the like in order to determine the facilities halal production capabilities. It is generally required for us to determine that the manufacturer prevents the following:

1. Product Contamination
2. Cleaning Method fulfils Islamic requirements
3. Separate storage locations between Halal and non-Halal products, or preventative measures are in place to remove the possibility of mislabelling
4. Halal certified label is visible either on the box or the product
5. Halal certificate from source meat supplier is valid

Regarding contamination, products cannot be cooked upon or within the same utensils without proper cleansing. This means that any liquid substance that interacts with non-halal products becomes contaminated. This includes oil, and other wet cooking surfaces. Thus, if a vat of oil is used to cook non-halal products (which is considered as filth), it cannot be used to cook Halal products without contaminating it.

#### 4. Are there any contents in the product that contain impermissible ingredients?

We refer to the list of impermissible consumables on the previous pages. If the product under audit is found to contain any of the ingredients on the ban list, these products cannot be considered as halal.

# Client Details: Nouno's Creamery

## FACILITY PROFILE

Most Greek or Icelandic yogurts strain using high-speed industrial equipment, with powdered milk or processed thickening agents.

At Nounós, we strain our yogurt the same way it has been done in our family's village in the Southern Peloponnese for centuries: straining bags and gravity. The result is a thick, velvety, protein-rich yogurt.

## PRODUCT PROFILE

### Triple cream Greek Strained Yogurt (10lbs)

#### Triple cream Greek Strained Yogurt (10lbs)

Nounós Creamery "old fashioned" strained yogurt is made with 100% fluid cow's milk and heirloom cultures.

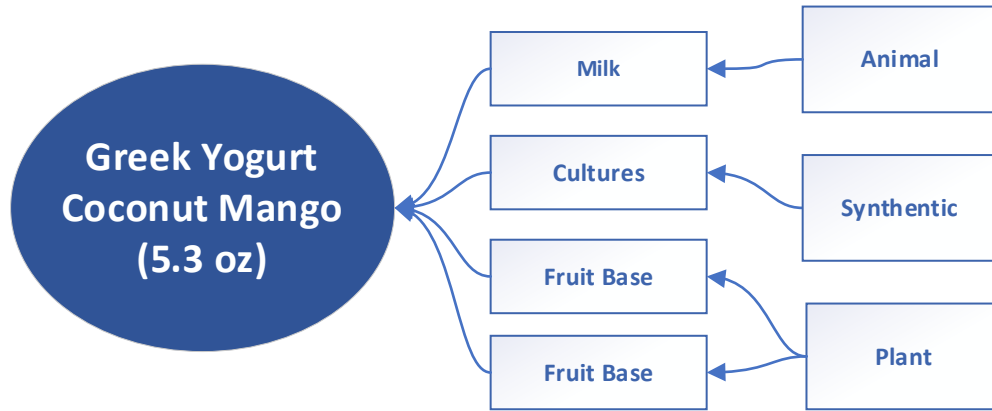

#### Ingredient Status

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provides a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Concerns – None.

## Greek Yogurt Coconut Mango (5.3 oz)

### Greek Yogurt Coconut Mango (5.3 oz)

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow's milk and heirloom cultures.

#### Ingredient Status

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

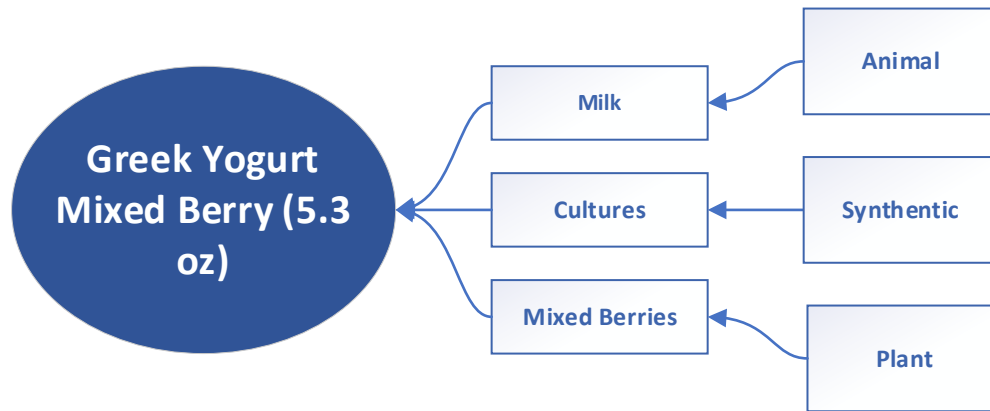

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provides a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Coconut Fruit Base: – **Halal** (Aslan) [A coconut is the edible fruit of the coconut palm (*Cocos nucifera*), a tree of the palm family. Coconut flesh is high in fat and can be dried or eaten fresh or processed into coconut milk or coconut oil.]

Mango Fruit Base: – **Halal** (Aslan) [A mango is an edible stone fruit produced by the tropical tree *Mangifera indica*. It is believed to have originated in the region between northwestern Myanmar, Bangladesh, and northeastern India.]

Concerns – None.

## Greek Yogurt Mixed Berry (5.3 oz)

### Greek Yogurt Mixed Berry (5.3 oz)

Nounós Creamery "old fashioned" strained yogurt is made with 100% fluid cow's milk and heirloom cultures.

#### Ingredient Status

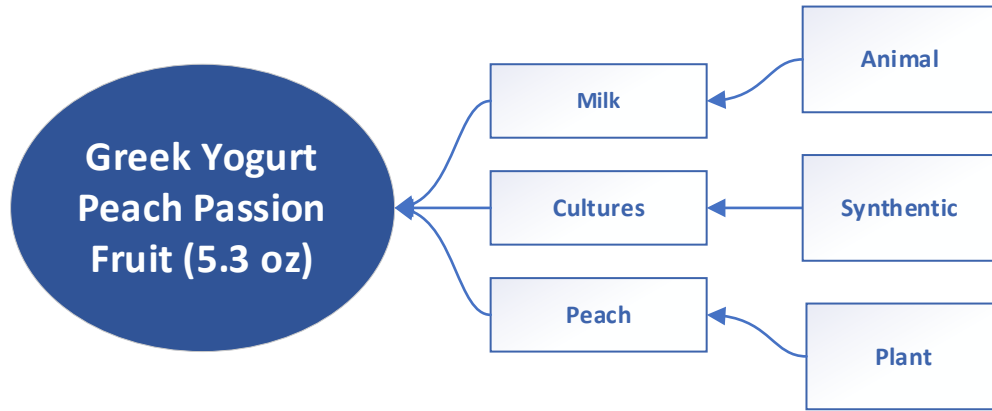

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provides a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Mixed Berries Fruit Base: – **Halal** (Aslan) [Mixed Berries are a blend of several delicious and healthy fruits: Blueberries, strawberries and raspberries]

Concerns – None.

## Greek Yogurt Peach Passion Fruit (5.3 oz)

### Greek Yogurt Peach Passion Fruit (5.3 oz)

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow's milk and heirloom cultures.

#### Ingredient Status

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

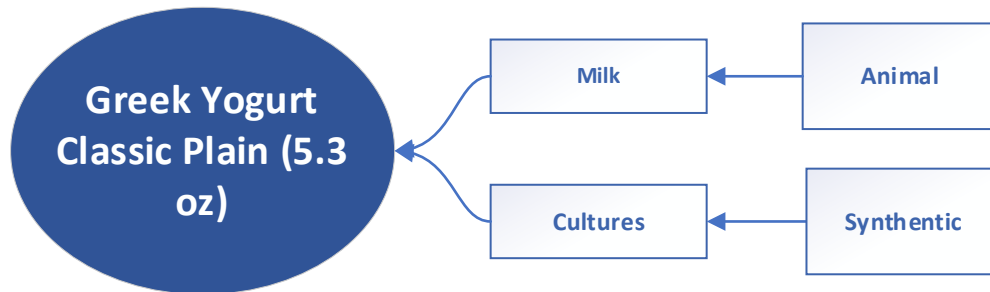

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provides a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Peach Fruit Base: – **Halal** (Aslan) [The peach is a deciduous tree first domesticated and cultivated in Zhejiang province of Eastern China. It bears edible juicy fruits with various characteristics, most called peaches and others, nectarines.]

Concerns – None.

## PRODUCT PROFILE

### Greek Yogurt Classic Plain (5.3 oz)

### Greek Yogurt Classic Plain (5.3 oz)

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow’s milk and heirloom cultures.

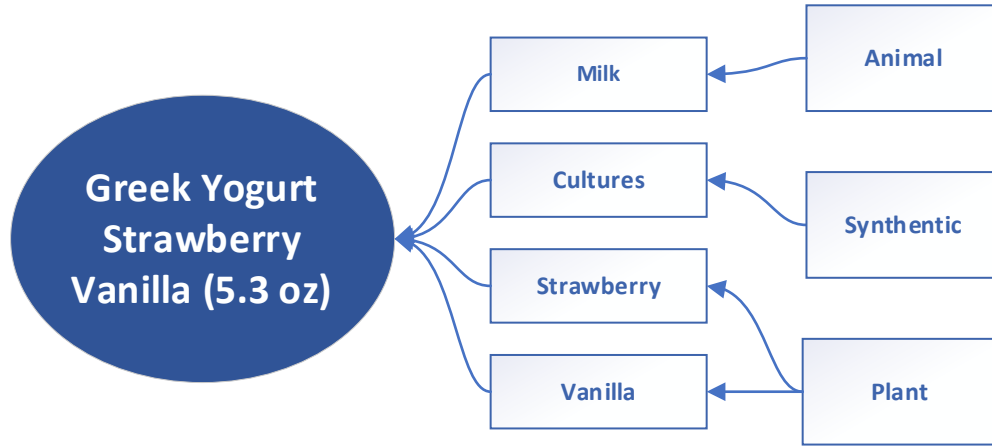

#### Ingredient Status

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Concerns – None.

## Greek Yogurt Black & Blueberry (5.3 oz)

### Greek Yogurt Black & Blueberry (5.3 oz)

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow's milk and heirloom cultures.

#### Ingredient Status

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

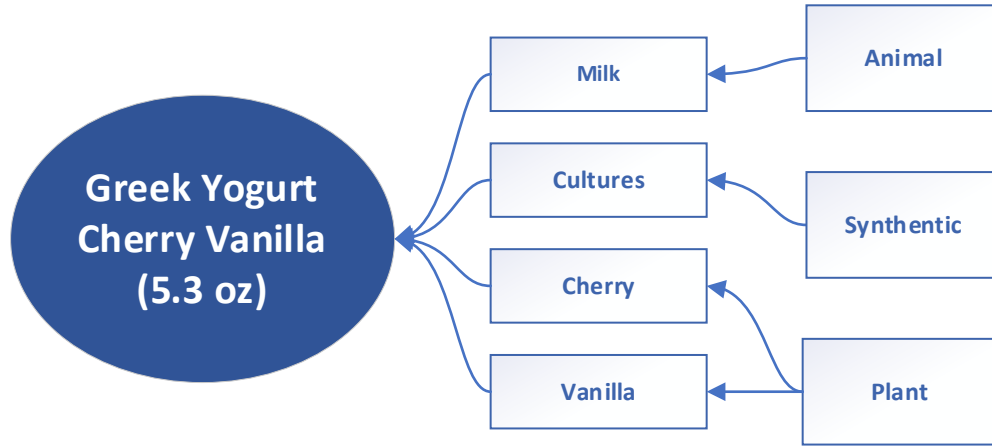

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provides a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Blackberry Fruit Base: – **Halal** (Aslan) [The blackberry is an edible fruit produced by many species in the genus *Rubus* in the family *Rosaceae*, hybrids among these species within the subgenus *Rubus*, and hybrids between the subgenera *Rubus* and *Idaeobatus*.]

Blueberry Fruit Base: – **Halal** (Aslan) [Blueberries are a widely distributed and widespread group of perennial flowering plants with blue or purple berries. They are classified in the section Cyanococcus within the genus Vaccinium. Vaccinium also includes cranberries, bilberries, huckleberries and Madeira blueberries.]

Concerns – None.

## Greek Yogurt Cherry Vanilla (5.3 oz)

### Greek Yogurt Cherry Vanilla (5.3 oz)

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow’s milk and heirloom cultures.

#### Ingredient Status

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provides a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

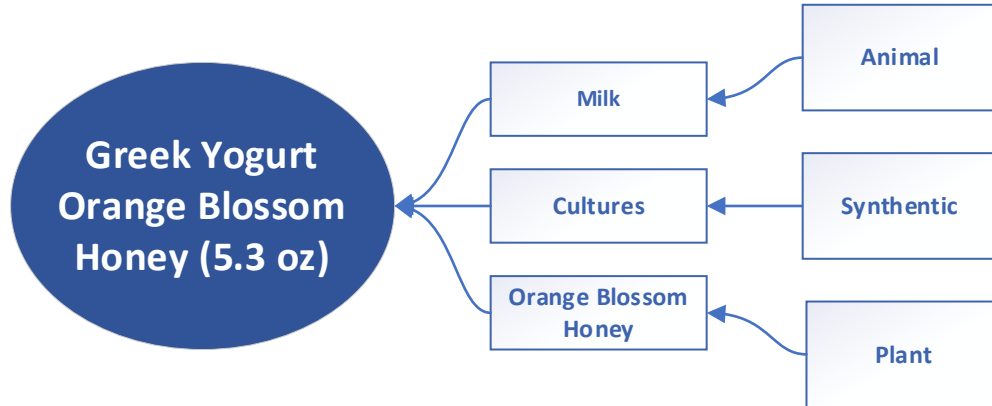

Red Cherry Fruit Base: – **Halal** (Aslan) [A cherry is the fruit of many plants of the genus Prunus, and is a fleshy drupe. Commercial cherries are obtained from cultivars of several species, such as the sweet Prunus avium and the sour Prunus cerasus.]

Vanilla Fruit Base: – **Halal** (Aslan) [Vanilla is a spice derived from orchids of the genus Vanilla, primarily obtained from pods of the Mexican species, flat-leaved vanilla.]

Pollination is required to make the plants produce the fruit from which the vanilla spice is obtained.]

Concerns – None.

## Greek Yogurt Orange Blossom Honey (5.3 oz)

### **Greek Yogurt Orange Blossom Honey (5.3 oz)**

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow’s milk and heirloom cultures.

#### Ingredient Status

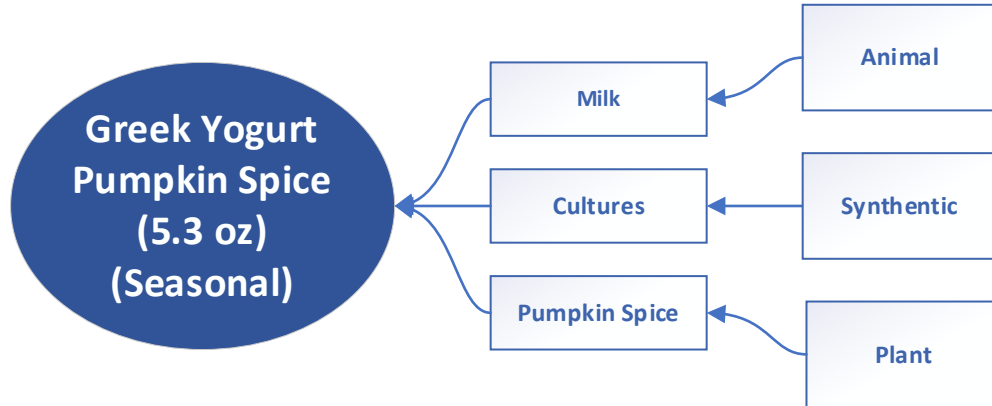

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provide a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Orange Blossom Honey Fruit Base: – **Halal** (Aslan) [Honey is a sweet and viscous substance made by several bees, the best-known of which are honey bees. Honey is made and stored to nourish bee colonies. Bees produce honey by gathering and then refining the sugary secretions of plants or the secretions of other insects, like the honeydew of aphids.]

Concerns – None.

## Greek Yogurt Pumpkin Spice (5.3 oz) (Seasonal)

### Greek Yogurt Pumpkin Spice (5.3 oz) (Seasonal)

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow’s milk and heirloom cultures.

#### Ingredient Status

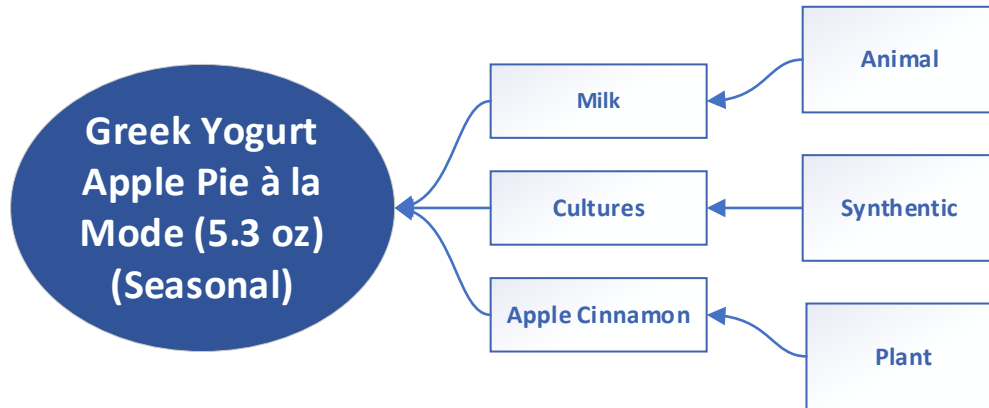

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provide a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Pumpkin Spice Fruit Base: – **Halal** (Aslan) [Pumpkin pie spice, also known as pumpkin spice, is an American spice mix commonly used as a flavoring for pumpkin pie, but does not include pumpkin as an ingredient. Pumpkin pie spice is similar to the British and Commonwealth mixed spice.]

Concerns – None.

## Greek Yogurt Apple Pie à la Mode (5.3 oz) (Seasonal)

### Greek Yogurt Apple Pie à la Mode (5.3 oz) (Seasonal)

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow’s milk and heirloom cultures.

#### Ingredient Status

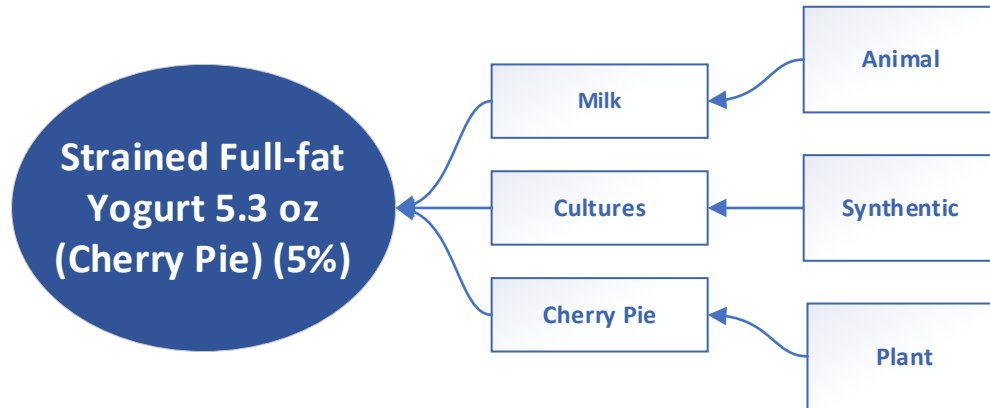

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provide a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Apple Cinnamon Fruit Base: – **Halal** (Aslan) [Cinnamon Apple is a lesser known cousin of favorites like Mamey Sapote and Canistel. These round, softball-sized fruits have a slightly grainy texture and a mildly, milky sweet taste.]

Concerns – None.

## Strained Full-fat Yogurt 5.3 oz (Cherry Pie) (5%)

### **Strained Full-fat Yogurt 5.3 oz (Cherry Pie) (5%)**

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow’s milk and heirloom cultures.

#### Ingredient Status

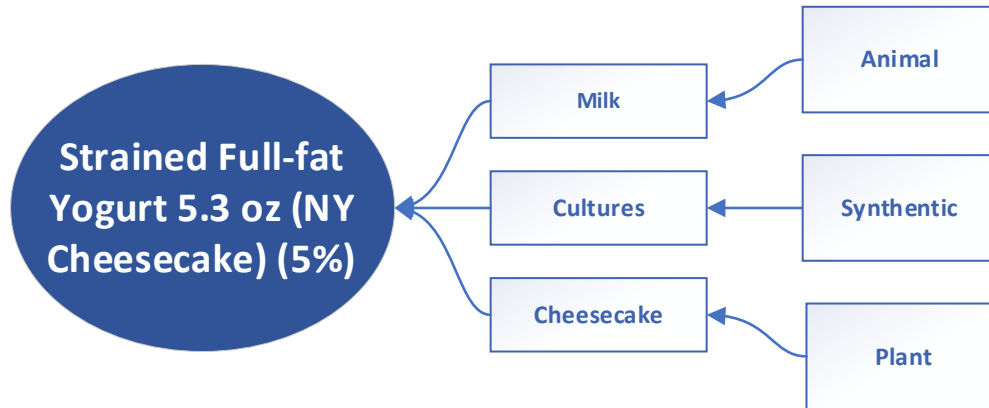

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provide a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Cherry Pie Fruit Base Flavour: – **Halal** (Aslan) [Cherry pie is a pie baked with a cherry filling. Traditionally, cherry pie is made with sour cherries rather than sweet cherries. Morello cherries are one of the most common kinds of cherry used, but other varieties such as the black cherry may also be used.]

Concerns – None.

## Strained Full-fat Yogurt 5.3 oz (NY Cheesecake) (5%)

### **Strained Full-fat Yogurt 5.3 oz (NY Cheesecake) (5%)**

Nounós Creamery “old fashioned” strained yogurt is made with 100% fluid cow’s milk and heirloom cultures.

#### Ingredient Status

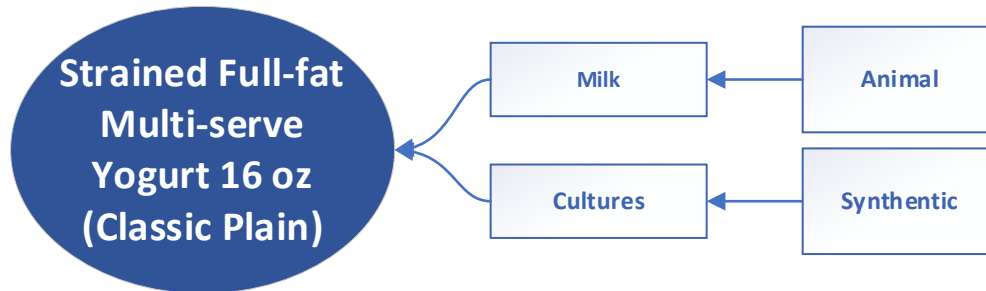

Milk: – **Halal** (Aslan) [Milk is a white liquid food produced by the mammary glands of mammals. It is the primary source of nutrition for young mammals before they are able to digest solid food. Immune factors and immune-modulating components in milk contribute to milk immunity.]

Cultures: – **Halal** (Aslan) [Dairy cultures keep food from spoiling and impart unique flavors and textures. Some dairy cultures, called probiotics, even help keep us healthy. Other dairy cultures provide a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Cheesecake Fruit Base: – **Halal** (Aslan) [Cheesecake is a sweet dessert consisting of one or more layers. The main, and thickest, layer consists of a mixture of a soft, fresh cheese, eggs, and sugar. If there is a bottom layer, it most often consists of a crust or base made from crushed cookies, graham crackers, pastry, or sometimes sponge cake.]

Concerns – None.

## Strained Full-fat Multi-serve Yogurt 16 oz (Classic Plain) (5%)

Other dairy cultures provide a comprehensive range of products for controlled acidification and for emphasizing and diversifying flavor profiles.]

Concerns – None.

## PROCESSING OVERVIEW

## **CLEANING METHOD**

### Description:

1. Collect the most abundant dirt to facilitate cleaning and to reduce the load on the sewage system.
2. Pre-rinse with potable water to remove loose dirt.
3. Clean with alkali or acid detergent and warm water, following the instructions of the manufacturer.
4. Rinse with potable water to remove all traces of detergent.
5. Sanitize. Apply the sanitizer, following the instructions of the manufacturer, to improve disinfection of the equipment and leave it free from bacteria. Use cold water for chlorine-based sanitizer since chlorine may evaporate at high temperatures.
6. Rinse with water: if the sanitization is done before processing, rinsing the area with water is not necessary. The production can begin as soon as all the sanitizer has been drained from the system. However, if the sanitization takes place at the end of the day, it must be flushed out with water to avoid leaving any residue that may attack the metal surfaces.

Frequency: Daily/As Needed.
