EXECUTIVE SUMMARY

This evaluation report outlines the observation and audit done for the assessment and condition of products and premise of Shatila Food Products and Manufacturing LLC. These are the factors that confirm the client’s compliance with the legal requirements and Halal principles for the health and safety standards.

OBJECTIVES

The following objectives were accomplished during the conducted audit:

1. Review the management system of the client.
2. Obtain food safety standards certification.
3. Assess if the client’s management systems and practices adhere to the Halal principles; Sanitation, Traceability, Integrity and Composition.

SCOPE

This scope is focused on the current condition of the client’s production process and manufacturing site. Compliance to quality standards enforced by law and all the Halal certification bodies regulations, standards, or compliance measures for human health safety was also checked and reviewed in this audit.

CRITERIA

This report emphasized the internal standards, activities, documentation, criteria and procedures as primary resources for audit. Halal-trained individuals also conducted virtual observation through site inspection to acquire evidence of compliance.

ASSESSMENT

- Ingredients were properly labeled and stored.
- The facility’s machines, tools and equipment were well maintained, cleaned and sanitized daily.
- ATP swab testing was done and if fail they sanitized it and integrate peroxide.

- PPE's were properly worn by the production staff.
- The facility's floor paint was already fading and needs repainting.

CONCLUSION

I therefore conclude that the halal producing facility is classified as low risk, the facility does not process any haram products on or inside of the premises.
