Declaration of Halal Certification

To Whom It May Concern,

With reference to the product PELEMOL PHS-8, we hereby declare the following regarding Halal compliance:

- The product contains no substances of human or animal origin (including pork), and none are used during production.
- The product does not contain ethyl alcohol, and alcohol is not used at any stage of production.
- Any substrates or media used for microbial growth in the manufacture of our raw materials do not contain substances derived from pigs or ethyl alcohol.
- Production, storage, and packaging equipment is not shared with products containing porcine ingredients. Prior to each production run, a thorough sanitization procedure is applied to eliminate traces of other products.

Any changes in the characteristics of the ingredients or production processes will be carried out with full awareness of, and respect for, Halal requirements.

Best regards,

Rolguens Saturne
