Long term storage, recommended between +4°C and +7°C.

The performed analysis are guaranteed when product is stored in original packaging and at recommended temperature.

If you received only a sample of this product, please request updated specification before placing the first purchase order.

Batch Status: Pass

The quality tests on this batch are reported above. The tests carried out are those necessary to demonstrate compliance with our product specification and are not intended to guarantee the product as suitable for any application beyond those contained in the specification. We recommend you perform your own quality and or identification checks on receipt

The name printed at the end of this document is an electronic signature.
