Equipment Summary

Technician Comments:

General pest service conducted throughout establishment. Observations of fruit and house flies in kitchen knocked down with alpine, and also applied as a spot treatment. Fruit and house flies observed on fly machines disposed of. One guard applied to all drains as a preventatives

BHB Pest Elimination is committed to the safety of our customers and our environment. All materials used by BHB Pest Elimination have been registered by the Environmental Protection Agency. Please avoid unnecessary contact with materials and comply with all instructions and recommendations from our technicians. Thanks you for your patronage! National Emergency Poison Control: (800)222-1222.

New Jersey Consumer Information Notice: Sanitation, as well as physical and biological control measures, should be considered as a part of a good pest control program. Pesticides may be used as another part of a good pest control program. Pesticides are substances used to control living organisms and vary in degree of toxicity. "Furthermore, if this is a contract for termite control, we are required to give you, without your asking, a copy of N.J.A.C. 7:30-10.4 or a Department approved summary of N.J.A.C. 7:30-10.4 regarding proper application of termiticides". National Pesticide Information Center (General Questions) 1 (800) 858-7378.....New Jersey Poison Information & Education System (Emergencies) 1 (800) 222-1222.....New Jersey DEP Pesticide Control Program (609) 984-6507.....(This number is for pesticide regulation information, complaints & health referrals.)

I understand that BHB Pest Elimination may send occasional text messages or emails for appointment reminders and promotions.
