COMPANY BACKGROUND

Halal Watch World LLC is a halal certification limited liability corporation based in the state of New York, and has operated in the certification industry since 1990. HWW is an organization that stands upon the trust of the Muslim public, and believes that it is imperative that their trust never be jeopardized. We maintain standards to the highest degree of scrutiny and perform regular audits for the protection of our constituents.

Halal Watch World understands that halal certification is a communal obligation (فرض كفاية), meaning, at least one person of the community must uphold it. If no one takes up this responsibility, the entire community bears a burden of sin. Therefore, we must be extra diligent with this effort. We realize the seriousness of the matter and understand the dire consequences of not filling this duty to the fullest capacity. God explains this to us in the Holy Quran by His statement:

“And say not concerning that which your tongue says falsely: 'This is Halal and this is Haram,' so as to invent lies against Allah. Verily, those who invent lies against Allah will never prosper...A passing brief enjoyment (will be theirs), but they will have a painful torment.”

[Al Quran] 16:116-117

HWW ensures to the best of its ability a high level of authenticity is upheld. This allows them to gain the trust of the Muslim community, and garner strong relationships with companies who produce, process, and distribute halal products at all levels. By this, they are able to offer halal producing company's guidance and consultation on the direction of their processes and products, while ensuring that Islamic dietary standards are always maintained and monitored. Muslims can use this information in order to make well informed decisions about what they choose to eat.

Legal Filings: Halal Watch World holds registered trademark number 4728733, and Department of State (New York) number 4814343. Halal Watch World is also a registered halal certifying organization with The Department of Agriculture and Markets of New York State (See supporting documentation).

We begin in the name of God SWT

CERTIFICATION CONSIDERATIONS

There are 4 main factors taken into consideration when determining the halal status of a product:

Is the product/ingredient Halal Aslan (by default)?

If the product is Halal by default, then there will be no ingredient investigation conducted. An audit of the HPF (Halal Product Facility), facility related documents and product identification documentation will however, still be required.

Is the product/ingredient Halal certified via another organization?

If another organization certifies the product as Halal, then it is incumbent upon us to perform a *tahqeeq* (verification) certification of the establishment. We must be able to ascertain that the certifying body is competent and capable of determining the status of such products. In the event that we are unable to gain this information, our organization must inspect the location of production before certifying.

What is the Risk Assessment of the Facility?

Each HPF (Halal Product Facility) must be assessed and assigned an appropriate level of risk. Each facility is graded according to assessed risk. As risk increases, guidelines, restrictions, and measures become more stringent. Risk is determined according to the products present in the facility, product and process management, and the equipment utilized for processing. Any product/s made with or derived from the items mentioned below would be considered Haram:

1. Human derived ingredients
2. Pork
3. Donkey (excluding the Onager)
4. Animals with fangs or talons (Carnivorous)
(Excluding Hyena and Fox according to school of thought)
5. Animals not slaughtered according to Islamic ritual rites
6. Carrion
7. All forms of filth (Najis) i.e. Urine, Excrement, Blood, Pus, Vomit, etc
8. Insects (other than locusts)
9. Animals fed with more than 50% of any of the above without being fed on a pure diet for a stipulated number of days (The Jallaalah)
10. Any intoxicants
11. Anything toxic or harmful to the body (such as cigarettes)
12. Anything processed, made, produced, manufactured, and/or stored using utensils, equipment, and/or machinery in contact with

any of the above that have not been cleansed according to standards which remove contaminants.

HiRF: High Risk Facility

Any facility that utilizes item/s listed above or a derivative thereof within the HPF and processes both halal and haram products using indifferent tools, machinery, or utensils. Thus, HiRF's by nature involve contaminants in some way in its processing.

MeRF: Medium Risk Facility

Any facility that processes both halal and haram products using segregated tools, machinery, or utensils to the exclusion of items listed above. Facilities that process any of these items, even if segregation methods are employed, are to be deemed HiRF's.

LoRF: Low Risk Facility

Any facility that does not process haram products on or inside of the premises.

As mentioned earlier, in relation to each risk level there are guidelines, restrictions and measures in place for the avoidance of contamination. Before any facility or any product made in said facility can be considered Halal suitable or certified Halal, these guidelines will have to be strictly adhered to.

Regarding contamination, products cannot be cooked upon or within the same utensils without proper cleansing. This means that any liquid substance that interacts with non-halal products becomes contaminated. This includes oil, and other wet cooking surfaces. Thus, if a vat of oil is used to cook non-halal products (which is considered as filth), it cannot be used to cook Halal products without contaminating it.

Are there any contents in the product that contain impermissible ingredients?

We refer to the list of impermissible consumables on the previous pages. If the product under audit is found to contain any of the ingredients on the ban list, these products cannot be considered as halal, unless said ingredients are replaced with halal suitable alternatives.

Client Details: America Medic & Science (AMS), LLC

FACILITY PROFILE

America Medic & Science AMS is an American nutraceutical company established in 2007 and headquartered in Seattle, Washington. We manufacture and distribute high quality, organic natural products and dietary supplements for all individuals and age groups. The leadership of our management team, which has a combined 3 decades of experience in pharmaceuticals, has led us to become known pioneers in the industry. Also, our dedication to producing high quality products and providing cutting-edge innovation, has allowed us to rapidly expand our scope of business across all major continents and partner with the top global figures in the industry to deliver our innovative products to consumers.

PRODUCT PROFILE

Advanced Thyroid

Advanced Thyroid (MR88_NU2090)

AMS[®] Advanced Thyroid is a dietary supplement that promotes thyroid health thanks to comprehensive blend of natural ingredients. Regular intake of this product helps to: Boost energy levels Promote healthy metabolism

- **INGREDIENTS:**

- INGREDIENT 10235 | Vitamin B12 (Pat VITAMIN)
- INGREDIENT 10236 | Iodine (Asiamerica Group Inc)
- INGREDIENT 10237 | Magnesium (oxide) (Sergeants Nutra)
- INGREDIENT 10238 | Zinc (Asiamerica Group Inc)
- INGREDIENT 10239 | Selenium (Asiamerica Group Inc)
- INGREDIENT 10240 | Copper (Asiamerica Group Inc)
- INGREDIENT 10241 | Manganese (Asiamerica Group Inc)
- INGREDIENT 10242 | Molybdenum (Asiamerica Group Inc)
- INGREDIENT 10257 | Vegetable Cellulose (CapsCanada K-Caps)
- INGREDIENT 10258 | Silicon Dioxide (Sergeants Nutra)
- INGREDIENT 10259 | Titanium Dioxide (CapsCanada K-Caps)
- INGREDIENT 10260 | Rice Flour (Sergeants Nutra)

PRODUCT PROFILE

Acetyl L-Carnitine

Acetyl L-Carnitine (MR88_NU2092)

AMS[®] Acetyl L-Carnitine 1000 mg is a dietary supplement formulated to: Promote energy production Provide Antioxidant benefits Supports brain health

- **INGREDIENTS:**

- INGREDIENT 10261 | Acetyl L-Carnitine (Nutravative: China DA Pharmaceuticals Co. Ltd)
- INGREDIENT 10262 | Vegetable Cellulose (CapsCanada K-Caps)
- INGREDIENT 10263 | Magnesium Stearate (Sergeants Nutra)
- INGREDIENT 10264 | Silicon Dioxide (Sergeants Nutra)
- INGREDIENT 10265 | Hypromellose (Sergeants Nutra)
- INGREDIENT 10266 | Dicalcium Phosphate (Anmar International Ltd.)
- INGREDIENT 10267 | Stearic Acid (Sergeants Nutra)
- INGREDIENT 10268 | Croscarmellose Sodium (Sergeants Nutra)

PRODUCT PROFILE

CollaCaps

CollaCaps (MR88_NU2093)

AMS® CollaCaps is a skin revitalizing and rejuvenating formula, that helps: Improve skin tone
Minimize appearance of fine lines and wrinkles Plump up skin naturally Provide nourishment and hydration

- **INGREDIENTS:**

- INGREDIENT 10269 | Vitamin C (as Ascorbic Acid) (GWI Green Wave Ingredients)
- INGREDIENT 10270 | Hydrolyzed Collagen (NutriCargo)
- INGREDIENT 10271 | Chondroitin Sulfate (NutriCargo)
- INGREDIENT 10272 | Hyaluronic Acid (Sergeants Nutra)
- INGREDIENT 10273 | Dicalcium Phosphate (Anmar International Ltd.)
- INGREDIENT 10274 | Microcrystalline Cellulose (Sergeants Nutra)
- INGREDIENT 10275 | Stearic Acid (Sergeants Nutra)
- INGREDIENT 10276 | Croscarmellose Sodium (Sergeants Nutra)
- INGREDIENT 10277 | Magnesium Stearate (Sergeants Nutra)
- INGREDIENT 10278 | Silicon Dioxide (Sergeants Nutra)
- INGREDIENT 10279 | Hypromellose (CapsCanada K-Caps)

PRODUCT PROFILE

Omega-3 1000mg

Omega-3 1000mg (MR88_NU2094)

AMS® Omega-3 1000mg is a dietary supplement formulated to help support: Vision Health Brain Health Joint Health Heart Health

- **INGREDIENTS:**

- INGREDIENT 10280 | Fish Oil (Novel Ingredient Services/Innophos)
- INGREDIENT 10281 | EPA (Eicosapentaenoic acid A18%) (Stryka Botanics)
- INGREDIENT 10282 | Vegetable Glycerin (Stryka Botanics)
- INGREDIENT 10283 | DHA (Doxosahexaenoic acid A12%) (Stryka Botanics)
- INGREDIENT 10284 | Gelatin (Gelita)

PRODUCT PROFILE

Omega-3-6-9 1000mg

Omega-3-6-9 1000mg (MR88_NU2096)

AMS[®] Triple Omega 3-6-9 1000mg is a dietary supplement formulated to help support:
Cardiovascular health Healthy skin Brain health Immune system

- **INGREDIENTS:**

- INGREDIENT 10285 | Fish Oil (Novel Ingredient Services/Innophos)
- INGREDIENT 10286 | EPA (Eicosapentaenoic acid A18%) (Stryka Botanics)
- INGREDIENT 10287 | Vegetable Glycerin (Stryka Botanics)
- INGREDIENT 10288 | DHA (Doxosahexaenoic acid A12%) (Stryka Botanics)
- INGREDIENT 10284 | Gelatin (Gelita)
- INGREDIENT 10290 | Flaxseed Oil (Stryka)
- INGREDIENT 10291 | Vitamin E (Pat Vitamins Inc)
- INGREDIENT 10292 | Vegetable Glycerin (Stryka Botanics)
