

PRODUCT SPECIFICATIONS

Manufacturer:	Elan Chemical Company, Inc. 268 Doremus Ave. Newark, NJ 07105 (973)344-8014
Product:	<u>NATURAL METHYL ANTHRANILATE XG</u>
Product Code :	9626
Synonyms:	Methyl 2-aminobenzoate, natural; Mandarin Pettigrain F.D., natural
FEMA :	2682
CAS:	134-20-3
FCC:	NO
Molecular Formula:	C ₈ H ₉ NO ₂
Molecular Weight:	151.16
Refractive Index:	1.581 – 1.585
Specific Gravity:	1.161 – 1.169
Congearing Point	23.8°C
Purity:	99.5% min
Appearance:	Colorless to pale yellow liquid with bluish fluorescence
Aroma:	musty, fruity, dry floral, grape-like
Storage:	Light and temperature sensitive. Product will turn reddish/orange if exposed to light. Product will solidify under cool conditions.
Sampling:	Slowly heat product prior to sampling... avoid exposure to light... product will turn reddish/orange with extended exposure to light. Use brown glass bottles for sampling.
Shelf Life:	12 Months at recommended conditions
