COMPANY BACKGROUND

Halal Watch World LLC is a halal certification limited liability corporation based in the state of New York, and has operated in the certification industry since 1990. HWW is an organization that stands upon the trust of the Muslim public, and believes that it is imperative that their trust never be jeopardized. We maintain standards to the highest degree of scrutiny and perform regular audits for the protection of our constituents.

Halal Watch World understands that halal certification is a communal obligation (فرض كفاية), meaning, at least one person of the community must uphold it. If no one takes up this responsibility, the entire community bears a burden of sin. Therefore, we must be extra diligent with this effort. We realize the seriousness of the matter and understand the dire consequences of not filling this duty to the fullest capacity. God explains this to us in the Holy Quran by His statement:

“And say not concerning that which your tongue says falsely: 'This is Halal and this is Haram,' so as to invent lies against Allah. Verily, those who invent lies against Allah will never prosper...A passing brief enjoyment (will be theirs), but they will have a painful torment.”

[Al Quran] 16:116-117

HWW ensures to the best of its ability a high level of authenticity is upheld. This allows them to gain the trust of the Muslim community, and garner strong relationships with companies who produce, process, and distribute halal products at all levels. By this, they are able to offer halal producing company's guidance and consultation on the direction of their processes and products, while ensuring that Islamic dietary standards are always maintained and monitored. Muslims can use this information in order to make well informed decisions about what they choose to eat.

Legal Filings: Halal Watch World holds registered trademark number 4728733, and Department of State (New York) number 4814343. Halal Watch World is also a registered halal certifying organization with The Department of Agriculture and Markets of New York State (See supporting documentation).

We begin in the name of God SWT

CERTIFICATION CONSIDERATIONS

There are 4 main factors taken into consideration when determining the halal status of a product:

Is the product/ingredient Halal Aslan (by default)?

If the product is Halal by default, then there will be no ingredient investigation conducted. An audit of the HPF (Halal Product Facility), facility related documents and product identification documentation will however, still be required.

Is the product/ingredient Halal certified via another organization?

If another organization certifies the product as Halal, then it is incumbent upon us to perform a *tahqeeq* (verification) certification of the establishment. We must be able to ascertain that the certifying body is competent and capable of determining the status of such products. In the event that we are unable to gain this information, our organization must inspect the location of production before certifying.

What is the Risk Assessment of the Facility?

Each HPF (Halal Product Facility) must be assessed and assigned an appropriate level of risk. Each facility is graded according to assessed risk. As risk increases, guidelines, restrictions, and measures become more stringent. Risk is determined according to the products present in the facility, product and process management, and the equipment utilized for processing. Any product/s made with or derived from the items mentioned below would be considered Haram:

1. Human derived ingredients
2. Pork
3. Donkey (excluding the Onager)
4. Animals with fangs or talons (Carnivorous)
(Excluding Hyena and Fox according to school of thought)
5. Animals not slaughtered according to Islamic ritual rites
6. Carrion
7. All forms of filth (Najis) i.e. Urine, Excrement, Blood, Pus, Vomit, etc
8. Insects (other than locusts)
9. Animals fed with more than 50% of any of the above without being fed on a pure diet for a stipulated number of days (The Jallaalah)
10. Any intoxicants
11. Anything toxic or harmful to the body (such as cigarettes)
12. Anything processed, made, produced, manufactured, and/or stored using utensils, equipment, and/or machinery in contact with

any of the above that have not been cleansed according to standards which remove contaminants.

HiRF: High Risk Facility

Any facility that utilizes item/s listed above or a derivative thereof within the HPF and processes both halal and haram products using indifferent tools, machinery, or utensils. Thus, HiRF's by nature involve contaminants in some way in its processing.

MeRF: Medium Risk Facility

Any facility that processes both halal and haram products using segregated tools, machinery, or utensils to the exclusion of items listed above. Facilities that process any of these items, even if segregation methods are employed, are to be deemed HiRF's.

LoRF: Low Risk Facility

Any facility that does not process haram products on or inside of the premises.

As mentioned earlier, in relation to each risk level there are guidelines, restrictions and measures in place for the avoidance of contamination. Before any facility or any product made in said facility can be considered Halal suitable or certified Halal, these guidelines will have to be strictly adhered to.

Regarding contamination, products cannot be cooked upon or within the same utensils without proper cleansing. This means that any liquid substance that interacts with non-halal products becomes contaminated. This includes oil, and other wet cooking surfaces. Thus, if a vat of oil is used to cook non-halal products (which is considered as filth), it cannot be used to cook Halal products without contaminating it.

Are there any contents in the product that contain impermissible ingredients?

We refer to the list of impermissible consumables on the previous pages. If the product under audit is found to contain any of the ingredients on the ban list, these products cannot be considered as halal, unless said ingredients are replaced with halal suitable alternatives.

Client Details: Monsoon Kitchens, Inc.

FACILITY PROFILE

Monsoon season has always been a time of transformation in India. A fresh scent on the wind is the first sign that the welcome rains are coming to bring relief from the sultry summer heat. During this wondrous time of year, families and friends gather to create the special foods they share to celebrate the season. The smells of the samosas, pakoras, and other treats coming from home kitchens inspire not only appetites, but a spirit of joyful gratitude for wholesome foods crafted with patience and care. That appreciation for the fresh change that the monsoons usher in was the inspiration for a new take on the “restaurant-style” Indian meals crowding today’s marketplace.

- INGREDIENT 13992 | Ginger (Supherb)
- INGREDIENT 13993 | Coconut Cream (Kara)
- INGREDIENT 13994 | Canola Oil (Columbus Vegetable Oils)
- INGREDIENT 13995 | Salt (Xion)
- INGREDIENT 13996 | Corn Starch (Thermoflo)

PRODUCT PROFILE

Butter Sauce

Butter Sauce (MR421_MM2685)

Mildly spiced buttery tomato sauce with subtle tanginess and velvety texture

- **INGREDIENTS:**

- INGREDIENT 13997 | Tomato Paste (The Morning Star Packing Company)
- INGREDIENT 13998 | Canola Oil (Columbus Vegetable Oils)
- INGREDIENT 13999 | Garlic (Supherb)
- INGREDIENT 14000 | Ginger (Supherb)
- INGREDIENT 14001 | Salt (Xion)
- INGREDIENT 14002 | Corn Starch (Thermoflo)

PRODUCT PROFILE

Vindaloo Sauce

Vindaloo Sauce (MR421_MM2686)

Extra spice, sour and sweet flavors - this southwest coast of India captures all three flavors but tempers the heat level

- **INGREDIENTS:**

- INGREDIENT 14003 | Tomato Paste (The Morning Star Packing Company)
- INGREDIENT 14004 | Canola Oil (Columbus Vegetable Oils)
- INGREDIENT 14005 | Garlic (Supherb)
- INGREDIENT 14006 | Ginger (Supherb)
- INGREDIENT 14007 | salt (Xion)

PRODUCT PROFILE

Curry Sauce

Curry Sauce (MR421_MM2687)

A traditional spicy curry sauce

- **INGREDIENTS:**
 - INGREDIENT 14008 | Tomato Paste (The Morning Star Packing Company)
 - INGREDIENT 14009 | Canola Oil (Columbus Vegetable Oils)
 - INGREDIENT 14010 | Garlic (Supherb)
 - INGREDIENT 14011 | Ginger (Supherb)
 - INGREDIENT 14012 | Salt (Xion):

PRODUCT PROFILE

Tikka Masala Sauce

Tikka Masala Sauce (MR421_MM2690)

Traditional rich fragrant, creamy tomato sauce

- **INGREDIENTS:**
 - INGREDIENT 14022 | Tomato Paste (The Morning Star Packing Company)
 - INGREDIENT 14023 | Lowfat Yogurt (Desi Natural Yogurt)
 - INGREDIENT 14024 | Canola Oil (Columbus Vegetable Oils)
 - INGREDIENT 14025 | Ginger (Supherb)
 - INGREDIENT 14026 | Garlic (Supherb)
 - INGREDIENT 14027 | Salt (Xion)
 - INGREDIENT 14028 | Corn Starch (Thermoflo)

PRODUCT PROFILE

Korma Sauce

Korma Sauce (MR421_MM2691)

A rich tasting, mild and creamy sauce

- **INGREDIENTS:**

- INGREDIENT 14029 | Plain Yogurt (Desi Natural Yogurt)
