 overnight. By garbage disposal.

Treatment Notes

Phone wasn't working properly this morning. Unable to open ServiceTrak and start work orders.

On today's visit I inspected and serviced the main kitchen and servery for possible pest activity. I serviced all mechanical rodent traps, rodent bait stations, insect monitors, common areas and drains. Light german cockroach activity was found and treated as needed. Please call with any concerns between now and your next visit. Thank you for your business.
